

★ ★ Best of Best Winners ★ ★

Citizens of Southlake have exercised one of the inalienable rights – to have their voices be heard as they cast their ballots in the 2015 Southlake Best of the Best selection process.

The results are in, and we reveal what the official tally says about your choices for the top performing businesses, organizations and individuals in Southlake. Readers voted in a variety of categories to share their opinions and to spotlight the businesses and individuals they turn to for everything from a savory meal to a great dry cleaning job.

Some of this year's winners are multi-tasking favorites, winning top votes in multiple categories.

Some are making their inaugural appearance on the Best of the Best winners' list. Others are perennial top vote-getters on the list, earning their status in the hearts of readers for good reason.

We offer our congratulations to all of those who appear in the 2015 list of the Best of the Best honorees.

Best of the Best winners are chosen by Southlake Journal readers in an unscientific poll. Winners are not selected by the Star-Telegram or Southlake Journal, and their inclusion implies no warranty or endorsement.
